Baltic vs. Moosup.
The Baltic team meets the Moosup team on Sunday, July 5, at the Polo field in the morning. The lineup of the Baltic team will be: Bush, catcher; Ray, pitcher; McCready, first base; Deaton, (acting manager and captain for Saturday and Sunday) second base; Jodoin, shortstop; Wood, third base; Charon, Lunnigan and Sam Taylor outfield. On account of the absence of Manager Donnelly, Mr. Deaton has been appointed manager and captain for the Saturday and Sunday games.

On Sunday, the Baltic plays the Plainfield team on the Polo grounds.

AMERICANS SWEEP THE THAMES

Harvard and Boston Eights Captured First Series in Henley Regatta—Crimson Men are Favorites—Robert Dibble Won His Way to Semi-finals for Diamond Scull

Henley on Thames, England, July 2.—The Grand Challenge cup, the Blue Ribbon of English rowing, is going abroad this year for the first time in nine years, and the probabilities are that America will be its resting place for the ensuing year, after which it must be returned to the stewards of the Henley regatta, to be contested for again. In the first series of heats for the Grand Challenge cup in the Royal regatta today the English crews were eliminated. The Harvard second eight disposed of Leander; the Union Boat club eight of Boston; and the London Rowing club, which had an easy victory over the Thames Rowing club, and the German crew of Mayence won from Jesus college, Cambridge, in the fastest time of the day.

The four visiting crews will compete tomorrow in the second series and the winners will row the final on Saturday. Harvard tomorrow will row Leander shortly after 1 o'clock, and the Boston and Mayence eights will meet at 2 o'clock. The other crews were not extended. The Union crew of Boston merely pulled over the course. They started with a thirty-minute start, and after three hours they did not find it necessary again to extend themselves, but they hit up a faster stroke just before they crossed the finish line.

Harvard had a harder race, but the manner in which the men handled themselves showed they had a lot in reserve at the finish. "The Harvard-Leander race," says the Pall Mall Gazette, "stands out as the best and most exciting of the regatta, and was witnessed on the river. It is the best showing that American eight has yet made at Henley."

The Grand Challenge cup was won in 1906, 1907 and 1909 by Belgian crews. In 1912 it was carried to New South Wales by eight representing the Sydney Rowing club. Toronto, the American amateur sculling champion, won his way to the semi-finals for the diamond scull. He rowed a clean race and handily defeated the Englishman, J. Lawrence.

James B. Ayer, Union Boat club, Boston, the only representative of the United States left in the contest for the diamond, after the first round when he was beaten by the Italian, Giuseppe Sinigaglia. The Italian's tactics in his race with Ayer, which is considered unorthodox, are being criticized. He took his opponent's station and Ayer's, which is considered unorthodox, are being criticized. He took his opponent's station and Ayer's, which is considered unorthodox, are being criticized.

OFFICIALS CHOSEN FOR FOURTH OF JULY RACES
Everything Ready for Big Programme at the Fair Grounds

Everything is about ready for the monster motorcycle meet and horse races of the Connecticut Amusement association on the Norwich fair grounds on the Fourth of July. The trot or pace is full, the 3.80 will fill today, and at least eight good ones, including some fast county ones, will be on the track. The starter's word in the running race.

Prescott, Cox, Armes Driscoll, Burdick and the open will make the truck race. The open will make the truck race. The open will make the truck race.

There will be a great outpouring of people to the fair grounds on the Fourth, and the management, which all along has counted on 10,000 people, will not be disappointed. To avoid the

FINANCIAL AND COMMERCIAL

MARKET WAS DULL.
The Stock List Was Almost Devoid of Notable Features.

New York, July 2.—The approaching holidays doubtless accounted for the lack of interest in the stock exchange today. Total transactions were not much above recent low records and the professional character of the trading offered further proof of the absence of interest on the part of investors. Only in the bond division were there any signs of activity.

The stock list was almost devoid of notable feature. Amalgamated Copper, very recently the particular object of bear attacks predicated on conditions in that industry, was the most conspicuous issue, rising a full point on the fractionally higher prices quoted for the metal. New Haven stood out because of its new record, which was registered almost simultaneously with a visit to the White House of its president, Mr. Morgan, who for many years acted as the firm's fiscal agent.

Receivership for the Cincinnati, Hamilton and Dayton failed to cause the slightest ripple, its effect apparently having been fully discounted. The money market was again unaffected by the enormous midday overturn, which is sure to be reflected in the weekly bank statement. The cash loan is estimated at as much as \$20,000,000, but is likely to be offset by receipts from the interior.

Irregularity continued. A few of the Rock Island issues were strong, while Missouri Pacific convertible rises broke 1-2 to 31, a new low record. Total sales, par value, were \$1,489,000. Panama three advanced 1-2 on the order government bonds were unchanged.

Pfeiffer Humbled the Champions.
New York, July 2.—Brooklyn today evened the series with New York by winning the last game, 7 to 2. Pfeiffer pitched his second victory of the season over the champions, holding them in seven scattered hits.

In addition to pitching a great game, Pfeiffer batted in both of the early runs when the game was close. Smith doubled in both the second and seventh innings, and each time Pfeiffer drove over the champion. Smith also hit for the circuit in the eighth, sending in a man ahead of him. A sensational one-handed catch by Pfeiffer on O'Dara's was the fielding feature.

Reds Landed on Pierce's Shoots.
Chicago, July 2.—Chicago strengthened its hold on second place today, defeating Cincinnati 5 to 3 and making the Cubs sweep of the league.

The Cubs won the game with two home runs in the third run lead, but the visitors landed on Pierce in the fourth and tied the contest. In the fifth, the Cubs scored again on singles and triples. Bresnahan walked, stole second and scored the winning run on a single. In the sixth, the Cubs scored again on a single. Sailer added another run in the eighth by making his second home run. Score: Cincinnati 3, Cubs 5.

Springfield Unable to Hit Martin.
New London, Conn., July 2.—New London won its first game today from Springfield here today by a score of 8 to 0. Martin of the locals pitched a wonderful game of ball, going eight innings before being hit safely. Again in the ninth the second hit of the Pones was made. The Planters batted Justin hard and timely and had no trouble in making runs. The batting of Warner featured, he making three hits out of three times up for a total of seven bases.

Yankees Took Last Game.
Washington, June 3.—New York won the final game of the series with Washington today, 6 to 1, by hitting Bentley hard. Manager Chance shook up his batting order, sending Sallen to first and Boone to second. An unusual double play occurred in the sixth inning. With men on first and second, Morgan muffed Daley's fly but recovered the ball in time to force Peckinpaugh at second. McBride then threw to Foster, doubling Hartell at third. Score: New York 6, Washington 1.

Big Leagues Preparing for War With Feds.
Collecting a Big War Fund Which Will Be at the Disposal of the National Commission.

From an authoritative source comes the information that the National and American leagues are quietly collecting a huge war fund which will be at the disposal of the national commission, already clothed with absolute authority to handle the war with the Feds, in its own way. Each of the sixteen clubs in the major league circuit is handing over 5 per cent of the receipts of its club to the fund.

It is said that the plan went into effect on April 14, the date of the opening of the championship season. It was that it was adopted at the suggestion of the commission early in March. Each club is scheduled to play seventy-seven games at home, which means a total of 1,232 games that will have been subject to the 5 per cent tax when the schedules are on. Other sources also claim that the plan was adopted at the suggestion of the commission early in March. Each club is scheduled to play seventy-seven games at home, which means a total of 1,232 games that will have been subject to the 5 per cent tax when the schedules are on.

A rough estimate places the total amount of the new war fund at \$250,000 of which the Giants, Red Sox, White Sox, Pittsburgh, Detroit and Cincinnati Reds, are expected to pay the lion's share. A week ago last Saturday, for instance, the Reds played to 22,000 admissions at the Polo grounds. The total receipts amounted to more than \$25,000. Hence the commission received as its 5 per cent share about \$1,250.

The Yankees also will contribute generously inasmuch as they have drawn larger crowds than any other club. They were paid for \$2,500 admission on May 29 and 30 and June 1 at the Polo grounds. The total receipts for the three days were \$100,000. The Yankees were paid for \$2,500 admission on May 29 and 30 and June 1 at the Polo grounds. The total receipts for the three days were \$100,000.

The trouble with the Federal league will go unmentioned. It is an amalgamation of quickly established clubs, the expense of the commission has been paid, leaving a balance of about \$100,000, which will be added to the fund. The fund will be used for the purpose of paying the salaries of the players, and the fund will be used for the purpose of paying the salaries of the players.

CAMERA SHOWS HARVARD WON BOAT RACE.
Considered the Greatest Struggle Ever Witnessed on the Thames.

The photographic exhibition which the moving picture camera has recently revealed in relation to Yale-Harvard finish at New London is a demonstration that should be seriously considered, and is a most important innovation in the solution of questions that carry with them the element of uncertainty and doubt. The judges' ruling is made with the human eye and not measured by mechanical devices. As they say it, Yale won; as recorded by the moving picture camera, Harvard was the winner. Appalling, of course, that the camera was placed at exactly a right angle to the course at the point of termination. Introducing the camera at the line of finish, is an excellent idea, and should hereafter be a part of the official mode of deciding the winners in variety regattas.

The dry-plate in the camera, from which the negative was developed and printed, indicated that the Crimson had won, but the human eye saw the Blue.
